

TOBB  
UNIVERSITY OF ECONOMICS AND TECHNOLOGY

Date: 22 August 2007

Dear Dr. Utsumi:

We fully appreciate your initiative of Global Socio-Economic-Energy-Environment Development (GSEED) project. As with your highly appreciated Global University Initiative (GUS), we are very much interested in supporting GSEED.

We eagerly intend to participate in this project, as working on the construction of simulation models and necessary databases, their maintenance, dissemination of the project results, training the would-be decision-makers on the use of distributed decision support system, etc.

We look forward to working together on this worthwhile project.

Sincerely yours,

Prof. Dr. Ali Yazici  
Chairman  
Computer Engineering Department  
TOBB University of Economics & Technology  
Sogutozu Cad. No:43, Sogutozo  
06560 Ankara-Tukey
