Reference: **Quantitative Policy Analysis of Global Socio-Economic-Energy-Environment Development (GSEED) Project**

Dear Dr. Utsumi,

It is with pleasure and interest that I would like to inform you of the participation of the Millennium Institute in the Quantitative Policy Analysis of Global Socio-Economic-Energy-Environment Development (GSEED) Project. MI will bring to the project its system dynamics (SD) modeling and the Threshold 21 (T21) model. It will also contribute capacity development in SD and T21 modeling as well as use for the play out and analysis of scenarios.

I am looking forward to contribute actively and substantially the the success of GSEED.

Yours sincerely,

Hans R. Herren

President, The Millennium Institute
