

Global University System/Palestine/Gaza Strip and West Bank Peace Education for All Palestinian Vision and beyond

General Principles (Strategic Basis)

- Education and development is a human right for all.
- Education that contributes to preserve the National Identity and the National Tradition.
- Education that contributes in building the Palestinian State.
- Education that contribute to facing difficulties, circumstances and emergencies.
- Education that fosters values and principles of democracy.
- Education that supports comprehensive development.
- Education that copes with scientific and technological progress.
- Education that evolves around the learner, builds his integrated character, develops his creativity and meets his personal abilities.
- Education that reinforces the social and professional status of the teacher.
- Education that fosters societal contribution in the responsibility of education universities, national institutions, official institutions and etc.)

Vision

Preparing an individual having dignity in his: religion, nationality, home, Arab and Islamic culture, and who contributes in the development of his society, endeavor to acquire knowledge and creativity, and positively interacts with the requirements of scientific and technological progress and able to compete in applied and scientific fields.

The Message:

- “The Ministry of Education and Higher Education is the official board involved in the development of the Palestinian education in all stages including: Kindergartens, General Education, Adult Education, Continuing Education, Vocational Education and University Education, and to run governmental educational institutions and supervise the Private educational institutions and those run by the UNRWA in Northern and Southern provinces”
- The message is to ensure education for all, improve its quality and its level to meet the learners’ needs in coping with the requirements of this age, and Ultimately develop the Palestinian citizen balanced integrated sound character, qualified and able to defend his national rights and efficiently perform his duties, able to think, and strongly believe in his Islamic doctrine, affiliation to the Arab and International community.”

Main Goals

- Provide chances to join education for all those at the proper age.
- Develop the administrative and financial systems and improve performance.
- Improve quality education and learning.

Thank You,

Dr. Fouad M. EL-Harazin, President
